

Bill No. 88 of 1941.

A BILL TO AMEND THE METIS POPULATION
BETTERMENT ACT, 1940.

NOTE.

This Bill amends *The Metis Population Betterment Act, 1940.*

A new section is added enabling the Lieutenant Governor in Council to set aside with the approval of the Minister of Lands and Mines, unoccupied Provincial lands and lands set aside under this Act for occupation by settlement associations as reserved areas for the rehabilitation of game, fish and fur. The primary purpose of this is to conserve game, fish and fur on lands adjoining or tributary to metis settlements so as to enable the population of the said settlements to remain self-sustaining. Areas which are suitable by reason of their topography will be temporarily closed to hunting and trapping, and the Lieutenant Governor in Council may make suitable regulations relating to the entry or occupation of the land so set aside. Persons may be permitted by regulation to enter such lands for the purposes of cutting hay or timber or for other reasonable purposes provided that their operations did not interfere with the conservation project.

W. S. GRAY,
Acting Legislative Counsel.
